Lesson

Based on the information provided, Elisa managed to create a folder with a sequence of images that people are supposed to look at sequentially, images that reveal more and more details so that the hotel residents get to know each other better.

Oliver's Homework

Oliver interviews Ermanno. He records the interview. Then, while listening to it, he copies it into his notebook.

Ermanno's Homework

Ermanno found out that Elisa wants all the hotel residents to introduce each other in the fireplace room (Kaminzimmer) in the evening. So he reviews the interview that Oliver conducted with him. He listens to it again, reads it again, and tries to answer Oliver's questions without having to read, from memory.
